

C.P.A. READY TO BUILD HEADQUARTERS BUILDING

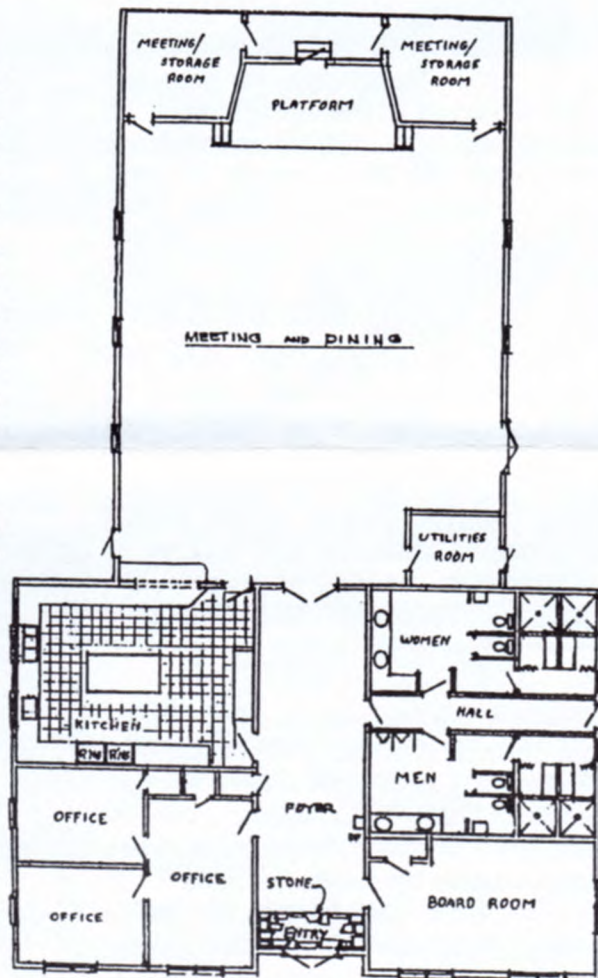

Architect's Sketch

The land has been leveled by the bulldozer (a major undertaking), the permits secured, the storage garage has been built, the building staked out and the electrical power connected. All this in anticipation of breaking ground by the end of March. God has blessed C.P.A. in every area of ministry and we praise Him for allowing us to build a building that will meet the headquarters needs for years to come. There will be 5,808 sq. ft. in the building with a covered porch on the front and right side of the building. The kitchen and meeting room will provide the space for orientation of new candidates and our summer mission family retreat. The offices and board room will provide plenty of space for the day to day operation and the rest rooms will have showers to accommodate people visiting with trailers and/or R.V.'s.

The entire building will be constructed with volunteer help and will be as maintenance free as possible. This will be a major undertaking for the mission, trusting God to provide all the funds necessary and bringing people from all walks of life to work together for God's glory. Tom Buckley, C.P.A. Director, who has headed up many projects like this during his years of ministry, is excited as we anticipate what God is going to do and how He will bring it all together.

At the time of this writing we have just over \$50,000 in hand to begin. This should erect the building and complete the outside, but from there on we are trusting the Lord to provide the funds to complete the entire building. We will not borrow for this project. Since it is estimated that it will cost \$125,000 to build and equip the building, the need stands at \$75,000.

FROM THE DIRECTOR

TOM BUCKLEY

We have just completed a very fruitful year during which God blessed us with six new missionary families. He also allowed a new church in Gouverneur, N.Y. to be started, many souls saved, and the challenge to build a mission headquarters building here in Almond, N.Y. was accepted. There were many other highlights in each family and ministry, but we are excited that during the last year of this millenium God is going to do great things through the ministry of Church Planters to America. We would love to see our candidates raise their support so they can plan to become missionary pastors in a needy town here in America. Please pray for each of them in regard to this specific need.

Starting in late March we will be busy with the construction of the mission headquarters building. We believe this is a miracle of God so we are moving forward by faith, trusting God to provide the funds and helpers to get the job done.

These are exciting days and on behalf of each missionary family I want to thank the many people who faithfully support and/or pray for C.P.A. and our mission family. As we labor together God is saving souls, establishing churches and making a difference in the lives of people. To Him we give the honor and the glory.

THANKS GEORGE

George Reynolds and his wife, Ginny, are residents of St. Petersburg, FL. George is a man with a love for the Lord, a heart for missions, and a talented architect who uses his abilities to serve the Lord. He and Tom Buckley have been friends for many years. When he learned that C.P.A.

was going to build a new headquarters building he gladly volunteered his services and has drawn a complete set of plans that have been approved. We express our thanks to George for his encouragement and help from the start of this project.

COME AND HELP

We are trusting God to provide the help necessary to build the mission headquarters building. One of the most blessed ways to spend a few days or a week of your vacation is to become a co-laborer with other believers. We have the expertise, the plans, permits and once we begin, the materials will be on site. Why not plan to be part of our team to get the project done? Bring a group and serve the Lord.

Ammons Moving To Hope, Maine

Just a year ago Chester & Phyllis Ammons felt called to minister in the State of Maine. Almost immediately God opened the door for them to apply to C.P.A., they did so and were accepted in May. The need for a missionary pastor for the Hope Community Bible Church was being investigated and in the fall Chester & Phyllis and their daughter, Ashley, met with the small congregation who asked them to come as their pastor. The Ammons accepted the call and have been working diligently to raise the final \$500 a month support that will enable them to move to Hope. By faith they have set the end of January to make the move. Pray that God will provide the support, safe travel and good adjustments both for the church and the Ammons family.

The Ammons

Back in the early 70's the Hope Church was a thriving ministry with over 125 people in attendance. Pray that the present congregation of a dozen or so will see the challenge that God has given to Chester & Phyllis and work with them to reach the unsaved in the area. This is the only church in Hope and the population has more than doubled in recent years. Pray for great things to take place as the Word of God is preached and the Ammons minister to the people.

Faith Bible Church Buys Land

The congregation of the Faith Bible Church in Gouverneur, NY have taken a step of faith to purchase two acres of land just east of town on the main highway. They were able to make the purchase with a land contract and hope to have it paid for soon. The church is meeting, rent free, in a meeting room of a housing development. The facilities are adequate for the immediate future, but by spring they will have to move to a facility with more room to meet the needs of a growing church.

Each week Pastor George Callister and one of his men visit new families and this has brought results with several new families in attendance. The Callisters have settled in their new home and are excited as they see God at work in the lives of people. Pray for new families to be reached, souls to be saved and wisdom as the church grows and plans are put together for a church building.

A great way to remember someone you love is to give a special gift in their memory. Memorial giving is a gift that keeps on giving as it is used in the ministry for something special.
